Fuels, Chemicals and Resources Solutions

Combines the best of **IHS Markit** oil markets, midstream, downstream, chemicals and agribusiness, freight and shipping with **Platts** analytics capabilities in similar market segments.

Oil Markets, Fuels & Feedstocks

- Crude oil
- Fuels and refining
- NGLs & chemical feedstocks
- Biofuels

Chemicals, Plastics and Materials

- Petrochemicals
- Specialty chemicals
- Plastics
- Intermediates
- Minerals
- End use markets

Shipping & Freight

- Freight markets
- Vessel tracking
- Cargo tracking

Agribusiness

- Agriculture and food
- Crop science and animal health
- Fertilizers
- Biofuels

Solutions and services

Price assessments and **benchmarks** across energy and commodity markets

Fundamental **market data**, short-and long-term **forecasts, research** and **insights**, for oil, gas, fuels, refined products, power, chemicals, and agribusiness

Energy Transition solutions, including market prices, news, supply and demand data, forecasts and analytics

Upstream geoscience and engineering software, research & insights, and content for wells, reservoirs, and basins

Industry-leading cross-commodity **Advisory Services**

Industry-leading global conferences including CERAWeek, World Petrochemical Conference, APPEC[®], Global Power Markets, Global Hydrogen, Global Energy Awards[®], Plastics coming soon!

Today's Agenda

Global Oil and Refined Products Outlook
Dan Evans

Global Chemicals Outlook
Balancing long term trends with short term challenges
Tony Potter

Decarbonization Strategies and Deployment
“However beautiful the strategy, you should occasionally look at the results”
Dr Richard Charlesworth

Pricing Dynamics in a volatile, uncertain, complex and ambiguous world
